“Proposal for Twinning Partnership between our Schools”

Dear Ms Hana Kubova,

I hope this message finds you well. I am writing to you following your proposal to visit us with your students and teachers in October 2023. We are excited about the idea of launching a twinning project between our schools. We had the pleasure of an excellent cooperation on our previous interactions, during the Erasmus+ project "Playing for Chance".

This proposed project aims to foster a deeper connection through student exchanges, collaborative educational programs, and the sharing of various activities as they arise. I have briefed the school faculty about the details, and I am delighted to inform you that the prospect of our cooperation was met with overwhelming enthusiasm.

We are eager to establish a channel of communication and cooperation between our schools and work together to outline a specific framework for action. To that end, I suggest we schedule a meeting online or our representatives could discuss the finer details and set a solid foundation for this partnership, during the meeting at your school at the end of March 2024.

On a final note, it would be greatly appreciated if you could reply in writing me to confirm your definite intention to proceed with establishing a twinning partnership between our two schools. Your confirmation will be instrumental in moving forward with the planning and execution of this exciting venture.

Looking forward to your positive response and the prospect of a successful collaboration.

Best regards,

MSc Ioannis Karaferis,
Headteacher
